Independent Accountants' Report on Financial Statements and Supplementary Information

Board of Trustees
Kansas City Public Library
Kansas City, Missouri

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the Kansas City Public Library (the Library), as of and for the year ended June 30, 2011, which collectively comprise the Library's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Library's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Kansas City Public Library Foundation, a component unit included in the financial statements, were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the Kansas City Public Library as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof and the budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the financial statements, in 2011 the Library changed its method of accounting for fund balances in accordance with the Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund-Type Definitions*.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 23, 2011 on our consideration of the Kansas City Public Library's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The accompanying management's discussion and analysis is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Library's basic financial statements. The accompanying supplementary information, including the combining fund financial statements, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The combining information is presented for purposes of additional analysis of the financial statements rather than to present the financial position or changes in financial position of the individual funds. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The statistical tables, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis

June 30, 2011

As management of the Kansas City Public Library (the "Library"), we offer readers the Library's financial statements with this narrative overview and analysis of the financial activities of the Kansas City Public Library for the fiscal year ended June 30, 2011. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Library's financial statements which follow this narrative.

Financial Highlights

- The assets of the Kansas City Public Library exceeded its liabilities at the close of the fiscal year by \$60,059,083 (*net assets*).
- As of the close of the current fiscal year, the Kansas City Public Library's governmental funds reported combined ending fund balances of \$16,912,400 an increase of \$1,433,328 in comparison with the prior year. The increase was primarily a result of significant property tax revenue receipts for back taxes and back payments-in-lieu of taxes. Some operating and capital expenses were also lower than projected.
- Approximately 57.5% of the total fund balance, or \$9,719,401 is unassigned and available for spending at the Library's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$9,719,401 or 57.5% percent of total general fund expenditures for the fiscal year.
- The Kansas City Public Library's total liabilities decreased by \$378,167 during the current fiscal year primarily as a result of annual payments made on leasehold revenue bonds issued for the acquisition of the Central Library in 2010.

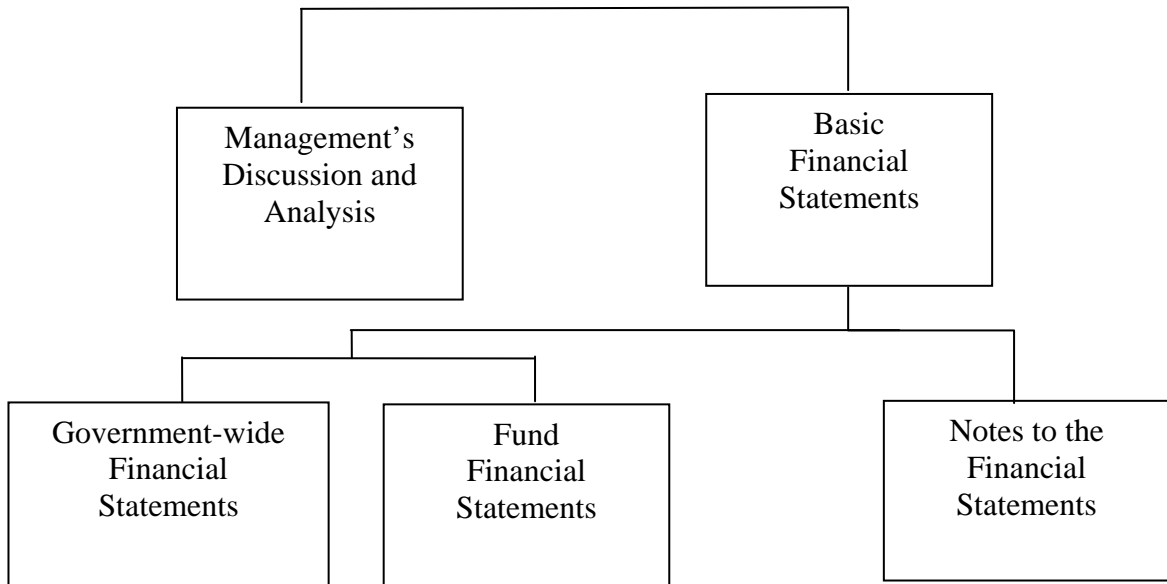

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Kansas City Public Library's basic financial statements. The Library's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements (*see Exhibit 1*). The basic financial statements present two different views of the Library through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Kansas City Public Library.

Required Components of Annual Financial Report

Exhibit 1

Summary

Detail

Basic Financial Statements

The first two statements in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Library's financial status.

The next statements are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Library's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the general fund budgetary comparison statement; and 3) the proprietary fund statements.

The next section of the basic financial statements is the **Notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **Supplemental Information** is provided to show details about the Library's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Kansas City Public Library

Management's Discussion and Analysis

June 30, 2011

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Library's finances, similar in format to a financial statement of a private-sector business. The government-wide financial statements provide short- and long-term information about the Library's financial status as a whole.

1. The statement of net assets represents information on all the Library's assets and liabilities, with the difference between the two reported as net assets. Measuring net assets is one way to gauge the Library's financial condition.
2. The statement of activities presents information showing how the Library's net assets changed during the year. This statement includes all of the Library's revenues and expenses, regardless of when the cash is received or paid.

The government-wide financial statements are Exhibits 2 and 3 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the Library's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Kansas City Public Library, like other governmental entities in Missouri, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Library's budget ordinance. All of the funds of the Kansas City Public Library can be divided into two categories: governmental funds and proprietary funds.

1. **Governmental Funds** – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Library's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*, which provides a short-term spending focus. As a result, the governmental fund financial statements provide a detailed short-term view that helps the reader determine if there are more or fewer financial resources available to finance the Library's programs. The relationship between government activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

An annual budget is prepared in accordance with Missouri state statutes for estimated revenues within the General Fund, itemized by source, and for proposed expenditures for each department and branch, itemized by object and activity. Annual budgets are also adopted for total revenues and expenditures (excluding itemizations by object and activity) of the individual Special Revenue Funds. All budgets are prepared on the modified accrual basis of accounting. The budgetary statement is provided for the General Fund.

Kansas City Public Library
Management's Discussion and Analysis
June 30, 2011

Funds demonstrate how well the Library succeeded in providing the services planned when the budget was adopted. The budgetary comparison statements use the budgetary basis of accounting and are presented using the same format, language and classifications as the legal budget document. The statement presents four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations and changes in fund balance; and 4) the variance between the final budget and the actual resources and charges.

2. **Proprietary Funds** – The Kansas City Public Library maintains one proprietary fund, enterprise fund, which is used to report the same functions presented as business-type activities in the government-wide financial statements, only in more detail. The Library uses its enterprise fund to account for the operation of the Library's parking garage, which is used by both Library patrons and other customers.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report includes certain supplementary information concerning the Kansas City Public Library's other budgeted funds.

Kansas City Public Library
Management's Discussion and Analysis
June 30, 2011

As noted earlier, net assets may serve over time as one useful indicator of a government's financial condition. The assets of the Kansas City Public Library exceeded liabilities by \$60,059,083 as of June 30, 2011. The Library's net assets decreased by \$997,236 for the fiscal year ended June 30, 2011. The largest portion of the net assets (70.0%) reflects the Library's investment in capital assets, net of deferred revenue and related debt (e.g., land, buildings, library materials and equipment). The Kansas City Public Library uses these capital assets to provide services to customers; consequently, these assets are not available for future spending. The remaining portion of the Kansas City Public Library's net assets is comprised of restricted net assets of \$4,642,414 (which consists of the Gifts and Grants, Capital Development, Endowment and Debt Service Funds) and unrestricted net assets of \$13,398,625.

Governmental Activities

Governmental activities decreased the Library's net assets by \$958,730. The key element of this net decrease was depreciation of capital assets.

Business-type Activities

Business-type activities reflected a decrease to the Kansas City Public Library's net assets by \$38,506. The key element of this net decrease was depreciation of capital assets.

Financial Analysis of the Library's Funds

As noted earlier, the Kansas City Public Library uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Kansas City Public Library's governmental funds is to provide information on near-term inflows, outflows and balances of usable resources. Such information is useful in assessing the Kansas City Public Library's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

Kansas City Public Library

Management's Discussion and Analysis

June 30, 2011

The General Fund is the primary operating fund of the Kansas City Public Library. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$9,719,401 while total fund balance reached \$12,119,890. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 57.5 percent of total General Fund expenditures, while total fund balance represents 71.7 percent of that same amount.

At June 30, 2011, the governmental funds of Kansas City Public Library reported a combined fund balance of \$16,912,400. The category of General Fund had a significant increase due to back property tax revenue and back payments-in-lieu of taxes receipts. The category of Other Governmental Funds had a decrease primarily due to the expenditure of grant funding.

General Fund Budgetary Highlights

During the fiscal year, the Library revised the General Fund operating budget. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as grants; and 3) increases in appropriations that become necessary to maintain services.

The following summarizes significant variations between the amounts budgeted and the actual amounts for the General Fund:

- **Property Tax Revenue** – Property tax revenue was more than projected, primarily due to the receipt of back taxes and payments-in-lieu of taxes.
- **Investment Income** – Interest rates declined more sharply than projected, and remained lower than expected.
- **General Operating** – Expenditures were less than projected in computer hardware and software maintenance. Programming and promotional expenses were less than projected with the offset of this reflected in a lower than projected amount in other financing sources which is primarily the transfer and use of grant funding.
- **Capital Outlay** – Planned capital outlay expenditures were delayed and therefore the total expended was significantly less than budgeted in this category.

Overall, the General Fund's actual expenditures were \$16,906,943 – 93.5 percent of the total budgeted expenditures of \$18,083,822.

Capital Assets

The Kansas City Public Library's investment in capital assets for its governmental and business-type activities as of June 30, 2011, totals \$60,801,059 (net of accumulated depreciation). These assets include buildings, land, furniture and equipment and the library collection.

Major capital asset transactions during the year include the following:

- Library materials' addition of \$2,001,600 and reduction of \$2,466,221.
- Acquisition of four new vehicles totaling \$72,199.

Furniture, fixtures and equipment	41,836	22,430	19,406
	<u>\$ 4,567,437</u>	<u>\$ 4,607,900</u>	<u>\$ (40,463)</u>

Additional information on the Library's capital assets can be found in Note 4 of the basic financial statements.

Long-term Liabilities

As of June 30, 2011, the Kansas City Public Library had total long-term liabilities of \$9,368,782. Of this, \$7,905,000 is for outstanding leasehold revenue bonds, and \$1,225,834 is for the employees' compensated absences and benefits. The remainder is the Library's contribution to the employees' retirement fund.

Additional information regarding the Kansas City Public Library's long-term liabilities can be found in Note 7 of this report.

Kansas City Public Library
Management's Discussion and Analysis
June 30, 2011

Economic Factors and Next Year's Budgets

Governmental Activities

A General Fund Operating Budget of \$17,845,181 for fiscal year 2011-2012 will be proposed, which is \$238,641 or 1.3% less than the previous year. The decrease is primarily attributable to a slight decrease in salaries and fringe benefits and general operating expenses, but overall the budget remains the same as the previous year. Property tax revenue projections decreased slightly due to a slight decrease in assessed valuation for the district and the Library continues to hold approximately 25 vacant positions open to maintain a balanced budget. The Library continues to benefit from temporary grant revenue streams, which support programming activities for the next two to three years.

Business-type Activities

The proposed operating budget for the Library Parking Garage for fiscal year 2011 – 2012 will be \$331,000 which is \$45,763 or 12.1% less than the previous year. Lower revenues are expected and operating expenses were lowered accordingly. The Library Parking Garage was acquired in May 2008.

Requests for Information

This report is designed to provide an overview of the Library's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Chief Financial Officer, Kansas City Public Library, 14 West 10th Street, Kansas City, Missouri 64105.

Kansas City Public Library
Statement of Revenues, Expenditures and Changes in Fund Balance
Governmental Funds (Continued)
For the Year Ended June 30, 2011

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances – total governmental funds	\$ 1,433,328
Governmental funds report capital outlays as expenditures.	
However, in the statement of activities, the costs of those assets are allocated over their estimated useful lives and reported as depreciation expense.	
Capital outlay and library material costs in excess of capitalization threshold	2,353,176
Depreciation	(4,351,974)
Loss on capital disposal	(4,218)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds	
Change in deferred revenue	(21,401)
Amortization of deferred rent	117,327
Contributions receivable	(623,930)
The issuance of bonds provides current financial resources to governmental funds, while the repayment of the principal and long-term debt consumes the current financial resources of governmental funds. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. In the statement of activities, interest is accrued on outstanding bonds, whereas in the governmental funds, an interest expenditure is reported when due. The following is the detail of the net effect of these differences in the treatment of long-term debt and related items:	
Repayment of principal on debt	230,000
Interest and amortization of discount	(1,658)
Bond issue costs	1,500
Amortization of bond issue costs	(15,237)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Change in unmatured compensated absences payable	(79,834)
Change in long-term retirement system contribution payable	9,150
Bad debt expense	(4,959)
Change in net assets of governmental activities	\$ (958,730)

Kansas City Public Library

Notes to Basic Financial Statements

June 30, 2011

Note 1: Organization and Summary of Significant Accounting Policies

Reporting Entity

Pursuant to enacted legislation and approval of voters, the Kansas City Public Library (the Library) was established as a separate and distinct political subdivision of the State of Missouri as of November 29, 1988. Prior to that time, the Library was accounted for as a fund of The School District of Kansas City, Missouri (the District). In accordance with the state statute creating the separate library district, the Library is governed by a nine-member Board of Trustees, initially appointed by the Board of Directors of the District. Successor trustees are appointed by the mayors of the cities served by the Library. At the time of separation, the Library was entitled to levy property taxes to fund operations at the same rate in effect prior to November 29, 1988. In 1996, the voters of the Kansas City Public Library District approved an increase in the Library's levy to the current rate.

Blended Component Unit

Kansas City Library Building Corporation is governed by a three-member self-perpetuating Board of Directors initially named in the Articles of Incorporation, and otherwise, appointed by the Board of Trustees of the Library. Although it is legally separate from the Library, Kansas City Library Building Corporation is reported as if it were part of the primary government because its sole function is providing for the acquisition, construction, improvement, extension, repair, remodeling, renovation and financing of public library sites, buildings, structures, facilities, furnishings and equipment for the benefit or use of the Library. The activities of Kansas City Library Building Corporation are included in the accompanying financial statements as part of the non-major governmental funds. Kansas City Library Building Corporation does not have separately issued financial statements.

Discretely Presented Component Unit

The *Kansas City Public Library Foundation, Inc.* (the Foundation) is a legally separate, tax-exempt component unit of the Library. The Foundation's primary function is to raise and hold funds for the Greater Kansas City Community Foundation in its support of the Library and its programs.

Although the Library does not control the timing or amount of receipts from the Foundation, the majority of the Foundation's resources and related income are designated by donors for the benefit of the Library. Because these designated resources held by the Foundation can only be used by, or for the benefit of, the Library, the Foundation is considered a component unit of the Library and is discretely presented in the Library's financial statements.

During the year ended June 30, 2011, the Foundation provided support to the Library in the amount of \$43,027.

The Foundation is a private nonprofit organization that reports under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's statements in the Library's financial reporting entity for these differences.

Kansas City Public Library

Notes to Basic Financial Statements

June 30, 2011

Basis of Presentation

The Library's financial statements include both government-wide (reporting the Library and discretely presented component units as a whole) and the Library's fund financial statements (reporting the Library's major funds).

Government-wide Financial Statements

The statement of net assets and the statement of activities display information about the Library, the primary government, as a whole, including the discretely presented component unit, with the exclusion of fiduciary funds. These statements distinguish between the *governmental* and *business-type activities*. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The government-wide statement of activities presents a comparison between expenses and program revenues for each program of the governmental activities. Expenses are specifically associated with a service, program or department and are, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the Library.

The Library's net assets are reported in three parts—invested in capital assets, net of related debt and deferred rent; restricted net assets; and unrestricted net assets. The Library first utilizes restricted resources to finance restricted activities.

The government-wide focus is more on the sustainability of the Library as an entity and the change in the Library's net assets resulting from the current year's activities.

Fund Financial Statements

Fund financial statements report detailed information about the Library. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

The major governmental funds of the Library are described below:

General Fund

The General Fund is the primary operating fund of the Library. It accounts for all financial resources of the general government, except those required to be accounted for in a different fund.

Kansas City Public Library

Notes to Basic Financial Statements

June 30, 2011

Endowment Fund

The Endowment Fund is a permanent fund that accounts for assets held by the Library as a legal trustee in situations requiring that the principal be preserved intact and only the income from these assets be expended on behalf of the Library as designated by the Board of Trustees or the donor.

Proprietary Fund Financial Statements

Parking Garage Fund

The Parking Garage Fund is used to account for principal operations of the parking garage. Operating expenses include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Measurement Focus and Basis of Accounting

Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Library gives (or receives) value without directly receiving (or giving) equal value in exchange, can include certain grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. This approach differs from the manner in which governmental fund financial statements are prepared. Therefore, the governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund financial statements.

Governmental Fund Financial Statements

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

Revenue Recognition

In applying the susceptible to accrual concept under the modified accrual basis, certain revenue sources are deemed both measurable and available (collectible within two months of year-end and available to pay obligations of the current period). This includes investment earnings and certain operating grants. Reimbursements due for federally funded projects are accrued as revenue at the time the expenditures are made, or when received in advance, deferred until expenditures are made.

Kansas City Public Library

Notes to Basic Financial Statements

June 30, 2011

Expenditure Recognition

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Proprietary Fund Financial Statements

All proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. The economic resource measurement focus concerns determining costs as a means of maintaining the capital investment and management control. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds. The Library has elected to not follow Financial Accounting Standards Board pronouncements issued subsequent to November 30, 1989 for its proprietary fund as permitted under Governmental Accounting Standards Board Statement No. 20.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. The principal operation of the Library's proprietary fund is the operation of the Library's parking garage which results in charges for services to both Library patrons and other customers. Operating expenses include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Enterprise funds are used to account for those operations that are financed and operated in a manner similar to private business or where the Library has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

Budgets

An annual budget is prepared in accordance with Missouri state statutes for estimated revenues within the General Fund, itemized by source, and for proposed expenditures for each department and branch, itemized by object and activity. Annual budgets are also adopted for total revenues and expenditures (excluding itemizations of details) of the individual Special Revenue Funds. All budgets are prepared on the modified accrual basis of accounting. The budgetary statements and schedules presented in this report are based on GAAP, which is considered to be the budgetary basis of accounting.

On or before the 31st day of August of each year, the Board of Trustees adopts a final budget for the year and fixes the ad valorem property tax rates to produce the revenue required to meet the amounts contained in the budget.

Kansas City Public Library

Notes to Basic Financial Statements

June 30, 2011

The annual budget is officially adopted by a majority vote of the Board of Trustees in summary format for the General Fund and in total for the Special Revenue Funds. The Library Director has the authority to amend the budget summary by interline budget transfers of \$10,000 or less for the year. Programmatic modifications of any amount may be made by the Library Director as long as they have no impact on the budget summary. Budgetary amendments in excess of \$10,000 require formal approval of the Board of Trustees.

State statutes provide that proposed expenditures from any individual fund shall not exceed the estimated revenues to be received plus any unencumbered balance or less any deficit estimated for the beginning of the budget year.

Deposits, Investments and Investment Income

State statutes authorize the Library to invest in open-time deposits; certificates of deposit; bonds of the state of Missouri, of the United States or of any wholly owned corporation of the United States; or in other short-term obligations of the United States.

In accordance with state statutes and Library policy, the Library invests its idle cash in repurchase agreements collateralized by U.S. Treasury securities or federal agency discount notes with maturities of generally less than three months. Securities underlying a repurchase agreement must have a market value of at least 100% of the cost of the repurchase agreement. Securities underlying repurchase agreements are held as collateral at the Federal Reserve Bank.

Collateral is required by state statutes for demand deposits. The fair value of the collateral must equal 100% of deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are governed by state statute and include U.S. government and government agency bonds and securities; general obligation bonds of any of the 50 states; general obligation bonds of any Missouri county, certain cities and special districts; and revenue bonds of certain Missouri agencies. Obligations pledged to secure deposits are delivered to the bank's account at the Federal Reserve Bank.

At June 30, 2011, the balance sheet category "Deposits and Investments" consisted of demand deposits, federal agency securities, money market funds and repurchase agreements. Such balances are stated at fair value, which approximates cost.

Investment income consists of interest and dividend income and the net change for the year in the fair value of investments carried at fair value.

Property Taxes

Property taxes are levied by the County Assessor based on the assessed valuation of taxable property as of the preceding January 1. Taxes are due and payable by November 1 following the levy date and become delinquent after December 31, after which the Library may attach a lien to all property on which taxes are unpaid. The County Collector is responsible for the collection and distribution of property taxes. For this service, the county retains 1.6% of collections. The tax levy assessed for 2010 was \$.4999 per \$100 of assessed valuation and supports general Library operations.

Property taxes receivable have been reported net of an allowance for uncollectible taxes in the amount of \$1,082,349 for levies in 2005 through 2010. All uncollected taxes related to 2004 and prior have been written off.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Capital Assets

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. Capital assets are not included in the governmental fund financial statements, but are included in the governmental activities in the statement of net assets. Capital assets are defined as items such as land, buildings and equipment as well as infrastructure assets as a result of implementing GASB 34. The management of the Library has determined, however, that it has no infrastructure assets.

The Library’s policy is to capitalize items that individually cost more than \$5,000, except for computer equipment and library materials, which are typically purchased in groups and are capitalized on that basis.

The Library collection assets (books, media, etc.) acquired for general governmental purposes are reported as library material expenditures in the fund that finances the asset acquisition and are capitalized in the government-wide statements at cost (or estimated historical cost). The Library follows the policy of recording Library collection retirements at the average cost per category of all remaining items prior to recording the current year additions and retirements.

Capital assets of the Library are depreciated using the straight-line method over the following estimated useful lives:

Asset Type	Estimated Useful Life In Years
Buildings and improvements	37
Equipment, furniture, fixtures and vehicles	7
Library collection	7
Computer equipment	5

Bond Issuance Costs

Bond issuance costs represent costs incurred in connection with the issuance of long-term debt. Such costs are being amortized over the term of the respective debt using the straight-line method.

Deferred Revenue

The Library reports deferred revenue on its governmental funds balance sheet. Deferred revenues arise when potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Deferred revenues also arise when resources are received by the Library before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when the Library has a legal claim to the resources, the liability for deferred revenue is removed from the governmental funds balance sheet and revenue is recognized.

Kansas City Public Library

Notes to Basic Financial Statements

June 30, 2011

Insurance

The Library is insured by private carriers for property damage, personal injury and public official liability. The Library has a blanket fidelity policy for all employees.

Judgments and claims in excess of policy limits are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. There have been no judgments or claims in excess of policy limits for the past three fiscal years. Additionally, there were no significant reductions in coverage from prior years.

The Library provides medical, dental, life, long-term disability and workers' compensation insurance coverage for employees through private insurance carriers.

Equity Classifications

As noted previously, in the government-wide statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of deferred rent and related debt – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of deferred rent and any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of deferred rent and related debt.”

Fund Balance – Governmental Funds

The Library adopted Governmental Accounting Standards Board Statement No. 54 (GASB No. 54), *Fund Balance Reporting and Governmental Fund Type Definitions*. GASB No. 54 enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. Adoption of GASB No. 54 did not impact the Library's governmental fund types and the changes in fund balances. The fund balances for the Library's governmental funds are displayed in five components:

Nonspendable – amounts that are not in a spendable form or are required to be maintained intact.

Restricted – amounts that can be spent only for the specific purposes stipulated by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Committed – amounts that can be used only for the specific purposes determined by approval of the Board of Trustees. Commitments may be changed or lifted only by the Library taking the same formal action that imposed the constraint originally.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Assigned – amounts intended to be used by the Library for specific purposes as determined by management. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

Unassigned – the residual classification for the general fund and includes all amounts not contained in the other classifications.

The Library considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Library applies committed amounts first, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Compensated Absences

All full-time, nonprofessional Library employees earn annual vacation leave at the rate of three weeks for one to five years of service and four weeks for more than five years of service. All full-time, professional personnel earn annual vacation leave of four weeks. Employees are subject to maximum vacation carryover of 320 hours. Earned benefits are payable upon termination or retirement.

Full-time Library employees accumulate sick leave at the rate of one day per month, floating holidays at the rate of four days per year and personal business days at the rate of 2.5 days per year. Employees vest in accumulated sick leave at a rate of 3% per year, while floating holidays and personal business days accumulate to a combined maximum of 6.5 days. To the extent vested, sick leave benefits, unused floating holidays and personal business days are payable upon termination. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 16, all employer-related costs of vacation and sick leave are accrued and recorded when earned. The estimated liability for compensated absences has been assigned by management to be liquidated with expendable available financial resources and is shown as an assigned fund balance in the General Fund. The long-term liability for compensated absences has been recorded in the government-wide financial statements.

Grants

Reimbursement-type grants are recorded as intergovernmental receivables and revenue when the related expenditures are incurred.

Inter-fund Activity

During the course of normal operations, the Library transfers funds to provide services and construct assets. The accompanying financial statements generally reflect such activity as transfers. For the purpose of the statement of activities, any inter-fund activity between Governmental Funds has been eliminated.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Statement of Cash Flows

For purposes of the statement of cash flows for proprietary funds, cash and cash equivalents are defined as cash on hand, cash in demand accounts and repurchase agreements with maturities of three months or less when purchased.

Note 2: Deposits and Investments

At June 30, 2011, the carrying values of deposits and investments, which approximate cost, are summarized as follows:

Deposits and investments	
Deposits	\$ 46,325
Repurchase agreement	9,375,000
Money market funds	644,243
Federal agency securities	<u>8,019,662</u>
Total	<u><u>\$ 18,085,230</u></u>

The carrying value of deposits and investments are included in the financial statements as follows:

Primary government	
Deposits and investments	\$ 13,445,101
Restricted deposits and investments	<u>4,640,129</u>
Total	<u><u>\$ 18,085,230</u></u>

Credit Risk

The credit risk for investments is the possibility that the issuer/counterparty to an investment will be unable to fulfill its obligations. Presented below is the actual rating by Moody's Investor Service as of year end for each investment type:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Rating as of June 30, 2011</u>
Repurchase agreement	\$ 9,375,000	(Unrated)
Money market funds	644,243	AAA
Federal agency securities	<u>8,019,662</u>	AAA
Total	<u><u>\$ 18,038,905</u></u>	

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Library will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the Library will not be able to recover the value of investment or collateral securities that are in the possession of an outside party.

The Library's policy is to collateralize the demand deposits and repurchase agreements with securities held by the financial institution's agent and in the Library's name. Because security investments were held by the financial institution and in the Library's name, none of the Library's deposits or investments was exposed to custodial credit risk as of June 30, 2011.

Interest Rate Risk

The Library's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Library has elected to use the segmented time distribution method of disclosure for its interest rate risk.

As of June 30, 2011, the Library had the following investments and original maturities:

Investment Type	Total Fair Value	Investment Maturities (in Years)		
		Less Than 1	1 - 5	6-10
Repurchase agreement	\$ 9,375,000	\$ 9,375,000	\$ -	\$ -
Money market funds	644,243	644,243	-	-
Federal agency securities	8,019,662	-	8,019,662	-
Total	<u>\$ 18,038,905</u>	<u>\$ 10,019,243</u>	<u>\$ 8,019,662</u>	<u>\$ -</u>

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Concentration of Credit Risk

As of June 30, 2011, investments, subject to credit risk categorization, in any one issuer that represent 5% or more of total Library's investments, are as follows:

Issuer	Investment Type	Total Fair Value
Federal Home Loan Mortgage	U.S. Agency Obligations	\$ 1,504,101
Federal Home Loan Bank	U.S. Agency Obligations	1,006,216
Federal National Mortgage Association	U.S. Agency Obligations	5,509,345
UMB Bank, n.a.	Repurchase Agreement	9,375,000
Other	Money Market Funds	644,243
Total		<u><u>\$ 18,038,905</u></u>

Investment Income

Investment income for year ended June 30, 2011 consisted of:

Interest and dividend income	\$ 125,788
Net decrease in fair value of investments	(59,765)
	<u><u>\$ 66,023</u></u>

Note 3: Contributions Receivable

Contributions receivable reported on the government-wide statement of net assets at June 30, 2011 consisted of the following unconditional promises to give:

Due less than one year	\$ 868,333
Due in one to five years	1,840,037
	<u>2,708,370</u>
Unamortized discount	(39,742)
Allowance for doubtful accounts	(50,000)
	<u><u>\$ 2,618,628</u></u>

June 30, 2011

Note 5: Employee Retirement Plan

General

The Library participates in the Public School Retirement System of the School District of Kansas City, Missouri (the Retirement System), a cost-sharing, multiple-employer public employee retirement system. The Retirement System is a defined benefit pension plan covering substantially all full-time employees of the District and the Library. All full-time permanent employees become members of the Retirement System as a condition of their employment. Library employees represent approximately 2.4% of the total members of the Retirement System. The Public School Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to: Public School Retirement System, 324 East 11th Street, Suite 100, Kansas City, Missouri 64106, or by calling (816) 472-5800.

Operation of the Retirement System is governed by Missouri state law. The Retirement System is not subject to the provisions of the Employee Retirement Income Security Act of 1974. The Retirement System has two plans in which its members participate: Plan A for members hired before 1961 and Plan B for members hired after 1961. All current Library employees are members of Plan B. Certain significant provisions of Plan B are described below.

Pension Benefits

Members who attain a total of at least 75 credits are entitled to the annual service retirement allowance, equal to 2% (1 $\frac{3}{4}$ % if before June 30, 1999) of the average final compensation multiplied by years of creditable service, subject to a maximum of 60% of average final compensation. One credit is equal to each year of creditable service and each year of age with both years of creditable service and years of age prorated for fractional years. A year of creditable service is defined as a minimum of 25 hours per week for nine calendar months.

Early retirement is permitted and members may retire under the age of 50 with 30 years of service; however, benefits are actuarially reduced by each month of retirement before age 60. If members terminate before rendering five years of service or take a lump-sum distribution, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the employer's contribution. Members may elect to receive the value of their accumulated contributions plus interest as a lump-sum distribution upon retirement or termination or they may elect to receive their accumulated plan benefits in various optional forms of annuities payable monthly from retirement.

Missouri state legislation, effective October 1981, provided for an increase in monthly benefits to retirees age 75 or older who have been retired for at least five years. Annually, the Board of Trustees of the Retirement System shall determine if the investment return, as determined by the actuary, is sufficient to permit a benefit increase.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Death and Disability Benefits

If an active member dies after becoming eligible for retirement, the designated beneficiary may elect to receive a certain portion of the member's service retirement allowance. Active members with five or more years of service who become totally disabled receive a disability retirement allowance equal to the service retirement allowance they have normally accumulated at the time they become disabled, but not less than the minimum disability retirement allowance. The minimum disability retirement allowance shall be the lesser of:

- (1) 25% of the member's average final compensation; or
- (2) The member's service retirement benefits.

Contributions Required and Contributions Made

As of January 1, 1999, members in Plan B are required to contribute 7.5% of earnable annual compensation. Prior to that time, the required contribution rate was 5.99% for members of Plan B. The Library is required to contribute at a rate specified by Missouri statute as enacted by the Missouri Legislature with the approval of the Governor. Missouri statute currently provides that the maximum employer contribution rate is 7.5%. The Library's contribution for the calendar year ended December 31, 2009 was paid by the Library in December 2010 at a rate of 7.5% of members' payroll. The contribution for the year ended December 31, 2010 is due and payable by the Library in December 2011 and will be calculated at a rate of 7.5% of members' payroll.

The unfunded contribution for the six months ended June 30, 2011 has been recorded in the government-wide statements.

The Library's contributions to the Retirement System for the years ended June 30, 2011, 2010 and 2009 were \$486,332, \$508,896 and \$524,777, respectively, equal to the required contributions for each year.

Note 6: Deferred Compensation Plan

The Library offers its employees four deferred compensation plans created in accordance with Internal Revenue Code Sections 457 and 403(b). These plans, available to all Library employees, permit them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The Library makes no contributions to the plans and reserves the right to amend, cancel or augment the plans. Employee contributions for all plans were \$147,510 for the year ended June 30, 2011.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Note 7: Long-Term Obligations

The following is a summary of long-term obligation transactions for the year ended June 30, 2011:

	Balance			Balance	Amounts
	June 30, 2010	Additions	Reductions	June 30, 2011	Due
					Within
					One Year
Long-term debt					
Revenue bonds payable					
Series 2009A	\$ 3,225,000	\$ -	\$ 230,000	\$ 2,995,000	\$ 295,000
Series 2009B	5,205,000	-	-	5,205,000	-
Total long-term debt	<u>8,430,000</u>	<u>-</u>	<u>230,000</u>	<u>8,200,000</u>	<u>295,000</u>
Other long-term liabilities					
Compensated absences *	2,082,707	848,522	768,688	2,162,541	936,707
Retirement system contribution payable *	755,995	489,731	521,446	724,280	486,332
Total other long-term liabilities	<u>2,838,702</u>	<u>1,338,253</u>	<u>1,290,134</u>	<u>2,886,821</u>	<u>1,423,039</u>
Total long-term obligations	<u>\$ 11,268,702</u>	<u>\$ 1,338,253</u>	<u>\$ 1,520,134</u>	<u>\$ 11,086,821</u>	<u>\$ 1,718,039</u>

*Compensated absences and retirement system liabilities are traditionally liquidated in the General Fund.

Leasehold Revenue Bonds Payable - Series 2009A

The Series A leasehold revenue bonds payable consist of Kansas City Library Building Corporation Leasehold Revenue Bonds, Series 2009A in the original amount of \$3,395,000 dated August 1, 2009, which bear interest at 2% to 4%. The Bonds are payable in semi-annual installments through June 1, 2029. The Library was required to make a one time deposit of \$254,301 in 2009 to the debt service fund held by the trustee at the time of issuance. The Bond Reserve Fund will not exceed at least 10% of the stated principal amount of the Bonds, the maximum annual principal and interest requirements of the Bonds, or 125% of the average annual principal and interest requirements on the Bonds. Any amounts in the Bond Reserve Fund in excess of the Bond Reserve Requirement will be transferred to the Bond Fund. The Series 2009A Bonds still outstanding may be redeemed at the Library's option on or after June 1, 2013. The redemption price is 100% of the principal amount plus accrued interest to the redemption date. The Bonds are secured by a pledge and assignment under the Indenture of all Rental Payments and other payments, revenues and receipts derived by the Corporation under the Lease, and all right, title and interest of the Corporation in, to and under the Base Lease, the Lease and the Project. Payments of bond principal are also secured by an insurance policy issued by a commercial insurer.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Taxable Leasehold Revenue Bonds Payable - Series 2009B

The Series B taxable leasehold revenue bonds payable consist of Kansas City Library Building Corporation Taxable Leasehold Revenue Bonds, Series 2009B in the original amount of \$5,205,000 dated August 1, 2009, which bear interest at 5% to 6%. The Bonds are payable in semi-annual installments through June 1, 2029. The Library was required to make a one time deposit of \$389,879 in 2009 to the debt service fund held by the trustee at the time of issuance. The Bond Reserve Fund will not exceed at least 10% of the stated principal amount of the Bonds, the maximum annual principal and interest requirements of the Bonds, or 125% of the average annual principal and interest requirements on the Bonds. Any amounts in the Bond Reserve Fund in excess of the Bond Reserve Requirement will be transferred to the Bond Fund. The Series 2009B Bonds still outstanding may be redeemed at the Library's option on or after June 1, 2013. The redemption price is 100% of the principal amount plus accrued interest to the redemption date. The Bonds are secured by a pledge and assignment under the Indenture of all Rental Payments and other payments, revenues and receipts derived by the Corporation under the Lease, and all right, title and interest of the Corporation in, to and under the Base Lease, the Lease and the Project. Payments of bond principal are also secured by an insurance policy issued by a commercial insurer.

The debt service requirements as of June 30, 2011, are as follows:

Year Ending June 30,	Total to be Paid	Principal	Interest*
2012	\$ 668,494	\$ 295,000	\$ 373,494
2013	722,594	355,000	367,594
2014	725,494	365,000	360,494
2015	726,369	375,000	351,369
2016	726,056	385,000	341,056
2017-2021	3,608,763	2,110,000	1,498,763
2022-2026	3,481,031	2,530,000	951,031
2027-2029	1,999,288	1,785,000	214,288
	<u>\$ 12,658,089</u>	<u>\$ 8,200,000</u>	<u>\$ 4,458,089</u>

*The Library is eligible to receive interest subsidy payments on the 2009B taxable leasehold improvement bonds equal to 35% of each interest payment on the Bonds from the IRS in lieu of issuing tax-exempt obligations.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Note 8: Lease Commitments

The Library currently has annually renewable lease commitments for its Sugar Creek branch location and certain office equipment.

Plaza Facility

In March 1999, the Library entered into a lease and development agreement with Plaza Colonnade, LLC for the construction of a library in exchange for the development rights and a 99-year leasehold estate for the remainder of the site located at 4801 Main, Kansas City, Missouri. The previous Library facility at this site has been demolished. An amendment in 2004 terminated the developer's obligation to finish the Plaza library facility in exchange for a \$2,500,000 payment to the Library. The value of the building along with the payment received in consideration to enter the lease agreement was recognized as deferred rental revenue on the balance sheets at the time of occupancy.

The developer has built a multi-floor project on the leased site, which is rented by the developer to other tenants. The Library paid the common area maintenance costs of \$85,000 per year from January 2005 to December 2007 for the new building as required by the latest amendment. Such costs are scheduled to increase 3% each year for the remaining term of the lease from 2008 to 2100, as set forth in the amendment. At the end of the developer's leasehold estate, the land and all improvements will revert to the Library.

In 2004, the lease and development agreement was amended, which terminated the developer's obligation to furnish certain tenant finish improvements to the Plaza Library facility in exchange for a cash payment of \$2,500,000, which was recognized as a contribution in the fund financial statement in 2005. This payment, along with the value of the cost of construction attributable to the Library's share of the building, which approximated \$9,115,000, was recorded as a contributed capital asset on the government-wide statements. The total value contributed was recorded as deferred rental revenue to recognize the total value of the assets contributed to the Library as an incentive to enter into the original ground lease with the developer. The capital asset for the Library facility is being depreciated over its expected useful life on a straight-line basis in accordance with the Library's depreciation policies. In addition, the deferred rent is being recognized on a straight-line basis over the 99-year term of the ground lease. The Library recognized \$117,327 of deferred rental revenue for the year ended June 30, 2011, in the government-wide statement of activities.

The value of any donations from third parties, with respect to any of the above mentioned facilities, whether in cash or in-kind, as well as any related assets or obligations, were recorded on the Library's books of account when the underlying events occurred that resulted in a benefit to the Library.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Under current leases, the minimum annual rental payments and the common area maintenance costs will be as follows:

Fiscal Year Ending June 30,	Amount	Fiscal Year Ending June 30,	Amount
2012	\$ 127,058	2052-2056	\$ 1,681,692
2013	121,752	2057-2061	1,949,542
2014	122,575	2062-2066	2,260,059
2015	125,666	2067-2071	2,620,032
2016	110,922	2072-2076	3,037,336
2017-2021	597,653	2077-2081	3,521,100
2022-2026	692,840	2082-2086	4,081,915
2027-2031	803,190	2087-2091	4,732,054
2032-2036	931,114	2092-2096	5,485,750
2037-2041	1,079,414	2097-2101	<u>5,675,439</u>
2042-2046	1,251,337		
2047-2051	1,450,641		
		Total	<u><u>\$ 42,459,081</u></u>

Total rent expense for the year ended June 30, 2011 was \$175,585.

Note 9: Commitments and Contingencies

The Library receives federal and state financial assistance in the form of grants. Entitlement to these resources generally is contingent upon compliance with terms and conditions of the grant agreements and applicable federal and/or state regulations, including the expenditures of the resources for eligible purposes. Substantially all grants are subject to financial and compliance audits by grantors. Any disallowance as a result of these audits becomes a liability of the Library. Based on prior experience, the Library expects such disallowances, if any, will be immaterial.

The Library is a party to certain claims as a result of various matters and complaints arising in the ordinary course of Library activities. The Library's management believes the potential claims against the Library, if any, resulting from such matters would not have a material effect on the financial position of the Library.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Note 10: Inter-fund Transfers

Inter-fund transfers made in the year ended June 30, 2011 were as follows:

Transfers From	General Fund	Transfers To Other Governmental Funds	Total
General	\$ -	\$ 459,361	\$ 459,361
Endowment	1,991	14,276	16,267
Other governmental funds	953,228	-	953,228
Proprietary	35,000	-	35,000
Total	<u>\$ 990,219</u>	<u>\$ 473,637</u>	<u>\$ 1,463,856</u>

Transfers from/to other funds consisted of the following:

General Fund to Debt Service Fund for bond reserve and debt service payments	\$ 459,361
Other Governmental Funds to General Fund for operating activities	953,228
Endowment Fund to General Fund for operating activities	1,991
Endowment Fund to Other Governmental Funds for operating activities	14,276
Proprietary Funds to General Fund for operating activities	35,000
	<u>\$ 1,463,856</u>

Note 11: Donor Endowments

During the year ended June 30, 2011, the Endowment Fund experienced \$35,076 of contributions and net appreciation on assets. The amount of net appreciation available for expenditure was \$150,096 at June 30, 2011, and is included in unrestricted net assets on the statement of net assets. The Library's governing body has interpreted the State of Missouri Prudent Management of Institutional Funds Act as requiring preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. It is the policy of management not to allocate interest earnings on endowments for expenditures until the endowment reaches a balance of \$1,000.

Kansas City Public Library
Notes to Basic Financial Statements
June 30, 2011

Note 12: Current Economic Conditions

The current protracted economic decline continues to present governmental organizations with unprecedented circumstances and challenges, which in some cases have resulted in large declines in the fair value of investments and other assets, declines in contributions, governmental support, grant revenue, tax revenue, constraints on liquidity and difficulty obtaining financing. The financial statements have been prepared using values and information currently available to the Library.

A significant decline in contribution revenue, governmental support, grant revenue, and tax revenue could have an adverse impact on the Library's future operating results. In addition, given the volatility of current economic conditions, the values of assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values and allowances for contributions and taxes receivable. This could negatively impact the Library's ability to maintain sufficient liquidity.

Independent Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards

Board of Trustees
Kansas City Public Library
Kansas City, Missouri

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the Kansas City Public Library as of and for the year ended June 30, 2011, which collectively comprise its basic financial statements, and have issued our report thereon dated August 23, 2011, which contained an explanatory paragraph regarding a change in accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Kansas City Public Library Foundation, the discretely presented component unit included in the financial statements, were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Library's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Library's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Library's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Kansas City Public Library's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the Library's management in a separate letter dated August 23, 2011.

This report is intended for the information of the Board of Trustees and management of the Library and is not intended to be and should not be used by anyone other than these specified parties.
