This Addendum #1 is issued to the Kansas City Public Library’s Invitation to Bid for NORTH-EAST BRANCH SECURITY SYSTEM to make the following changes, additions, deletions, and/or clarifications:

A. Questions/Responses:

The following information is a response to questions asked by vendors on February 13, 2020. If you feel that a question has been asked that is not represented/addressed below, please contact Reed Beebe as soon as possible at reedbeebe@kclibrary.org to address the question. The responses to the questions are indicated in BOLD:

1. Would the Library consider alternative equipment to the equipment listed in the Invitation to Bid?

The Library would like all vendors to bid on the equipment as listed in the Invitation to Bid. However, in addition to a base bid for equipment listed in the Invitation to Bid, vendors are welcome to submit alternative equipment and pricing for the Library’s information and consideration.

2. Who is the Library’s contractor for electrical work?

Max Electric, Inc. is the Library’s contractor for the electrical work that will occur for the North-East renovation work.

3. Is a fire alarm system desired with the listed equipment?

A fire alarm system is outside the scope of the Invitation to Bid. The Library will be contracting separately for a fire alarm system that will integrate with the Library’s sprinkler system.

B. Change to Invitation to Bid:

On page 12 of the Invitation to Bid, under “Intrusion Detection System Description”, the number of “Concealed door contacts” is incorrectly listed as “4”; the number should be “5”. This section is hereby amended to read as follows:

“5 Concealed door contacts”
